

The new indoor swimming pool in Falkensee is to be an active sports pool. The focus will be on school swimming, swimming for senior citizens, health swimming and other water-oriented water sports and health offers. The centrepiece of the active sports pool will be a 25 m pool with six lanes for public use. School swimming is to be offered in parallel. An additional teaching pool will be offered for water sports activities, mother-child courses and teaching swimming.

Client: City of Falkensee
